Michigan's Higher Education Governance: A Decentralized Model

Public Universities Granted Constitutional Autonomy

Under Michigan's Constitution, public universities have constitutional autonomy. Article VIII, Section 5 of Michigan's Constitution of 1963 reads:

Each board shall have general supervision of its institution and the control and direction of all expenditures from the institution's fund.

The result:

One of the most market-responsive, innovative and high-quality set of state public universities in the U.S.

Each University has an 8-Member Governing Board
Statewide-Elected: WSU, MSU and UM (including for Dearborn & Flint campuses)
All Other Universities: Gubernatorially-appointed, 8-year terms
